

MARIA L. COLLAZO-CLAVELL: In these unprecedented times, the division of endocrinology, metabolism, diabetes, and nutrition is prepared to welcome you and meet your medical needs.

MEERA SHAH: Our priority is to keep you and our staff safe as we work to meet your needs.

ANGIE M. CLINTON: We are here and we are ready.

CAROLINE J. DAVIDGE-PITTS: Our full range of clinics is in operation.

AOIFE M. EGAN: This includes nutrition, and transgender and intersex specialty care.

ANNA L. KASPER: Even if you are not able to travel to Rochester--

JULIE A. BUCHHOLTZ: --you can still visit with your provider via phone or video.

JADA K. HOUGEN: We can meet your education needs--

ANNA L. KASPER: --whether you want to start a new injectable medication or learn how to better manage your blood sugar levels.

KURT A. KENNEL: We have options to help you manage your osteoporosis treatment if you've been affected by delays or shortages.

MABEL RYDER: We can work with you on deciding the best time to schedule a thyroid biopsy if it is needed.

LUCINDA M. GRUBER: Our endocrine testing center is open with a full range of tests.

ROBERT A. WERMERS: If you require endocrine surgery, our multidisciplinary consultations ensure that we make your health and safety our top priorities.

MARIA L. COLLAZO-CLAVELL: We are Mayo Endo.

VICTOR M. MONTORI: We are Mayo Endo.

OMAR M. EL KAWKGI: We are Mayo Endo.
